From Our District Governor

Reaching Forward

By André Marria

“Educating the mind without educating the heart is no education at all” ... Aristotle

It is the heart that responds to human needs through random acts of kindness. It is when we offer the best version of ourselves that we elevate each other, showing a measure of grace. Truly Hope is a waking dream. As we kick off this year with our Membership Action Plans (MAP), remember, we provide exemplary services to humanity with people of purpose and passion. We reach forward utilizing our abilities to bring together like-minded individuals in our immediate circle of control, serving others! We build friendships and community relations to seek those with a servant spirit to share their experiences, cultures, and perspective. We collaborate as we do good in the world. [more]
