This Week’s Program:

Club Assembly

Join us this Friday at 12:15 PM for a pivotal Club Assembly as we gather as a community of leaders to set our course for the year ahead. This week's meeting will feature a dynamic lineup that refl ects the heart of Rotary's mission: local impact, global connection, and visionary leadership.

We will begin with an important local update from member Mark Newman, who will share key insights from recent meetings about the redevelopment of the West End Mall. This is a major topic for the future of our neighborhood.

Next, Jared Evans will refl ect on his experience at the Rotary International Convention in Calgary. He will share photos and stories that provide a sense of the global scale of Rotary's impact and the lasting value of this truly international fellowship.

The main focus of the meeting will be a look ahead under the leadership of our new Club President, Victoria Seals, PhD. President Seals will present her vision for the Rotary Year, and collect feedback from the membership, that will shape our service and fellowship in 2025 to 2026.

Your presence and participation are important as we begin the new year with purpose and unity. We hope to see you there as we reaffi rm our commitment to Service Above Self.
